Education

3RD YEAR AT THE UNIVERSITY OF VIRGINIA (PLANNED GRADUATION: MAY 2021)

Major: B.A. in Computer Science

HIGH SCHOOL | MAY 21ST, 2017 | GREENBRIER EAST HIGH SCHOOL

Skills & Abilities

I am great with helping people in a retail environment, I have helped out at my family's Sears store and our food truck.

I am great with computers, I can work with Microsoft Office

I know 3 programming languages (python, java, c++)

I am familiar with Web Development using MySQL Databases, html, css, javascript, php, bootstrap, angular, and ajax for asynchronous requests.

I am always willing to learn new skills and abilities.

CS Courses Taken

CS 1110 Introductory CS

CS 2110 Software Development Methods

CS 2102 Discrete Mathematics

CS 2150 Program and Data Representation

CS 3330 Computer Architecture

CS 4103 Algorithms

CS 4640 Programming Languages for Web Development

CS 3250 Software Testing

CS 4753 Electronic Commerce Technologies

CS Courses Currently Taking

CS 4750 Database Systems

CS 4501 Autonomous Vehicles: Perception, Planning, & Control

Experience

TEACHING ASSISTANT | UNIVERSITY OF VIRGINIA | JANUARY 2020 - PRESENT

I am a teaching assistant for CS 4640 Programming Languages for Web Applications.

TEACHING ASSISTANT | UNIVERSITY OF VIRGINIA | AUGUST 2018 - DECEMBER 2019

I was a teaching assistant for CS 2110 Software Development Methods

As a TA, I was tasked with helping fellow students learn new material in the class and help them with their homework when they have problems.

I hold Office Hours, where I must practice good communication to help others better understand the material.

3 other Teaching Assistants and I run a lab section where we must present material to the class and run the section without the instructor being present.
